INSTRUCTIONS:

1. Create your card base by scoring Whisper White piece of cardstock in half using a bone folder to create a crisp crease. Set aside
2. Stamp greeting in Black Memento Ink in the bottom left corner of the 5-5/8" x 3-7/8" piece of Whisper White CS
3. Punch out a large butterfly image from the duet butterfly punch one in each colour (Cherry Cobber, Pumpkin Pie, Daffodil Delight, Old Olive, Pool Party, Highland Heather, Whisper White). Glue each butterfly on top of each other via the body section only with liquid glue in rainbow order. Lift the wings up in between each layer.
4. Adhere your butterfly to your card front in the top right corner as shown in photo using a glue dot
5. Colour 5 large rhinestones in each colour blend matching the colours of the butterfly
6. Adhere rhinestones between the butterfly and greeting to look like butterfly in flight. Piece a hole in between each rhinestone
7. Add 3 pearls to the centre of the butterfly.

Adhere the card front to your Card base with Stampin' Dimensionals. You're done!
